A Western Electric Publication

May, 1969

JUNIOR EXEC. Thousands of employees and their families were greeted by Merrimack Valley Works General Manager Harry N. Snook when they visited his office during the April Open House programs. Here he shows a "junior executive" how to make a phone call from the General Manager's desk.

CRYSTALS of cultured quartz, grown at the Merrimack Valley Works, were the subject of interest as thousands of MVW employees and their families toured the Quartz Building while visiting the North Andover Plant during the April 15, 17 Open House Programs, which proved highly enjoyable.

Promotion For T. F. Scanlan

Thomas F. Scanlan, Department Chief, Quality Appraisal and Control, at the Merrimack Valley Works, has been promoted to the position of Assistant Manager, Quality Control Engineering and Inspection and Test Appraisal, effective April 15.

T. F. Scanlan

He holds a B.S. degree in electrical engineering and a Master's degree in business management from Northeastern University.

Mr. Scanlan joined Western Electric in 1959 as an engineer at the Merrimack Valley Works. In July, 1961, he was transferred to the company's Church Street office in New York City as a Systems Equipment Engineer. He returned

Almost 5,000 Merrimack Valley Works employees, their families, and friends enjoyed a diversified and interesting display of exhibits and demonstrations while touring the North Andover Plant during Open House programs on the evenings of April 15 and 17.

Guests on April 15 were employees of Departments 200, 300, and 400, Resident Organizations, and Bell Telephone Laboratory Service groups. On the evening of April 17 the guests of honor were employees of Department 500, their families, and friends.

On arrival, the thousands of guests were greeted by attractive hostesses, who made them welcome and directed them on their tours. Guides were on hand to an-

swer questions about technical areas. Exhibits and demonstrations were on view in the auditorium, in the private dining room, and at various locations throughout the plant. Refreshments were served in the north cafeteria.

Open House programs for other organizations and shifts will be held in the near future.

(For additional Open House photos, see Pages 2 and 3.)

to Merrimack Valley in September, 1965, and was promoted to Department Chief, Manufacturing and Development Engineering. He was assigned to head the Quality Appraisal and Control Department in December, 1968.

Did You Know That . . .

Transmission Products, Installation Engineering Department - Carrier Systems, at the Merrimack Valley Works, achieved more than \$1,000,000 in Cost Reduction savings during 1968. The department, for good measure, is planning another big year in 1969.
